Fees payable to global advisors

***68. SHRI SWARAJ KAUSHAL:** Will the Minister of DISINVESTMENT be pleased to refer to reply to part (b) of Unstarred Question 821 given in the Rajya Sabha on 31st July, 2000 and state the fees payable to each one of the global advisors for disinvestment of the PSUs?

THE MINISTER OF STATE OF THE DEPARTMENT OF DISINVESTMENT (SHRI ARUN SHOURIE): A Statement indicating the fees payable to the advisors is enclosed (*See below*).

The fees payable to the advisors generally consist of two components. The first component is called "success fee" which is fixed percentage of the gross proceeds to be received by the Government from the disinvestments. Since it is directly linked with the amount of money realisable from disinvestments, it serves as an incentive to the advisor to get the best price from disinvestments. It ranges from 0.29% to 1%.

The other component of the fee is called 'drop dead fee' which is a lumpsum amount payable to the advisor only in the event of the transaction being called off by the Government.

The fees for specific transactions vary from transaction to transaction depending on various factors like nature of disinvestment, total realisable value from disinvestments, quantum of work required to complete the transaction, degree of difficulty and chances of success of the transaction etc. Further, Consultants appointed for disinvestments through joint venture route are given flat/fixed/lumpsum fee/asset valuation fee/out of pocket expenditure depending on the different criteria.
